REASONS FOR ALLOWANCE

1. Claims 1-11, 13-17 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Claim 10 recites, inter alia, said coil continuously wound starting from one end or the coil winding part and terminating at another end thereof and connected to two lead pins at a primary side and a secondary side without using a return wire, the coil being continuously wound from one side of the coil winding part to another side thereof, such that a number of windings is periodically increased in the vertical direction.

Claim 14 recites, inter alia, at least two coil blocks wound with the coil for each block by a desired winding frequency and continuously arranged starting from one end of the coil winding part and terminating at another end thereof and connected to two lead pins at a primary side and a secondary side without using a return wire.

The references of record do not teach or suggest the aforementioned limitation, nor would it be obvious to modify those references to include such limitation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
